Additional Information

- The Offer is valid for 14 days from the date of issue. The Offer is an invitation for placing an order and should not be considered legally bonding.
- All prices are net prices in USD and might be subject to VAT (if applicable) at the current rate and do not include any local customs or clearance charges.

Assembly / Dismantle:

- FDome is transported on a standard size palette and contained in cardboard box wrapped with white stretch foil that secures your dome kit during shipment. FDome kits are delivered by trucks equipped with a tail lift and manual palette trolley.
- FDomes are designed for easy self-assembly - they all come with tools and step-by-step manuals. It takes few hours to build it. For assembly service and/or training please contact our representative.
- Production lead time: 6-8 weeks, for exact delivery time please consult our representative.

We hope we have provided you with all the information you require but should you have any questions, please contact:

All in standard

Every single F.Domes Glamping comes with the following elements:

Reinforced steel framework with letter-code

Steel structure feet, screws, nuts

White PVC membrane cover with bay window

One entrance

Set of 3x porthole windows

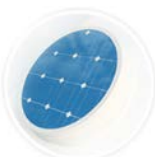

Set of steel anchors

Additional Features

Insulation panels

Advanced fibre-free, non-allergenic and non-irritant insulation system with tailored canvas headliner for improved appearance.

Solar powered fan

To assist passive ventilation system that comes with every dome, solar powered fan system further reduces heat build-up and moisture condensation.

8kW Wood burning stove with chimney

Steel chimney kit + 8kW (nominal) modern steel/iron wood burning stove with ceramic combustion chamber and steel base-plate.

Tailored canvas curtains

Tailored opaque and fire-retardant Curtain Kit adds privacy to your structure, simultaneously insulating front bay window of your glamping dome.

Assembly Training

Our FDomes kits are designed with self-assembly in mind, however if you decide that you need help with assembly process and get professional training – order this service and we will contact you to discuss suitable dates for the assembly to happen. You can also order this service at the later stage, even if you initially get your dome kit without Assembly Training.
