

FDomes Glamping

Redefining outdoor hospitality

Five-star retreats, out-of-the-box, all-year, en-suite, portable.
20 – 75 m² floor space, multiple exterior colours, and interior options.
Super-durable, sustainable, and maintenance-free.

Rethink the hotel experience

Create luxury accommodations anywhere, even in places where traditional hotels cannot be built.

Individual Landowners

A unique outdoor hideaway for personal use or as an overture to the glamping business

Holiday Parks & Campsites

Premium lodgings to diversify the offer for nature-cravers and comfort-lovers

Hotels & Resorts

The out-of-the-box idea to branch out and open up for the great outdoors and create memorable experiences

CREATE YOUR OWN GLAMPING DOME:

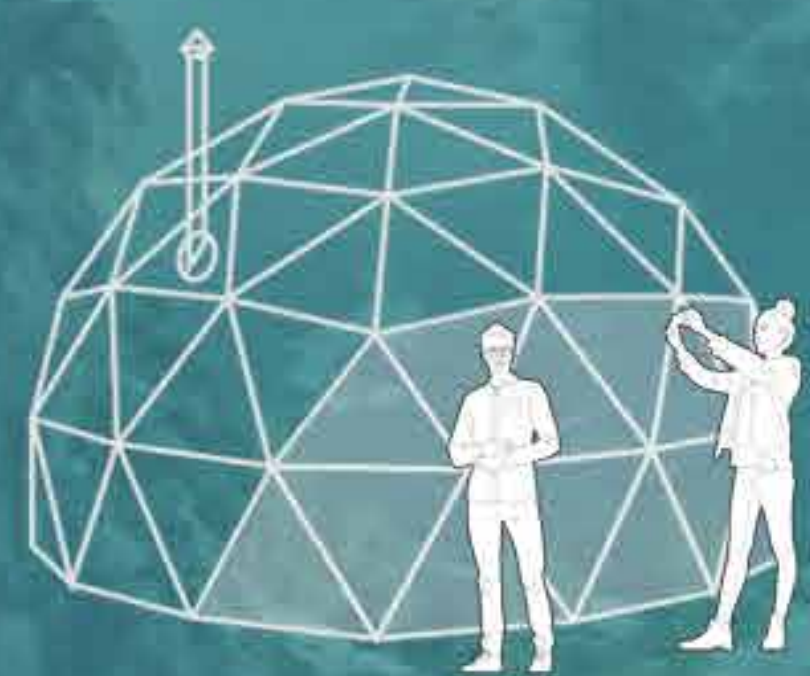

Glamping domes **provide deluxe outdoor lodging** that offers hotel-like standards with that extra touch of quirkiness. **Portable, en-suite, and attractively priced,** they are a phenomenal choice for landowners, holiday parks, campsites, hotel, and resort owners to diversify and boost their business.

Attract guests with a new hospitality concept

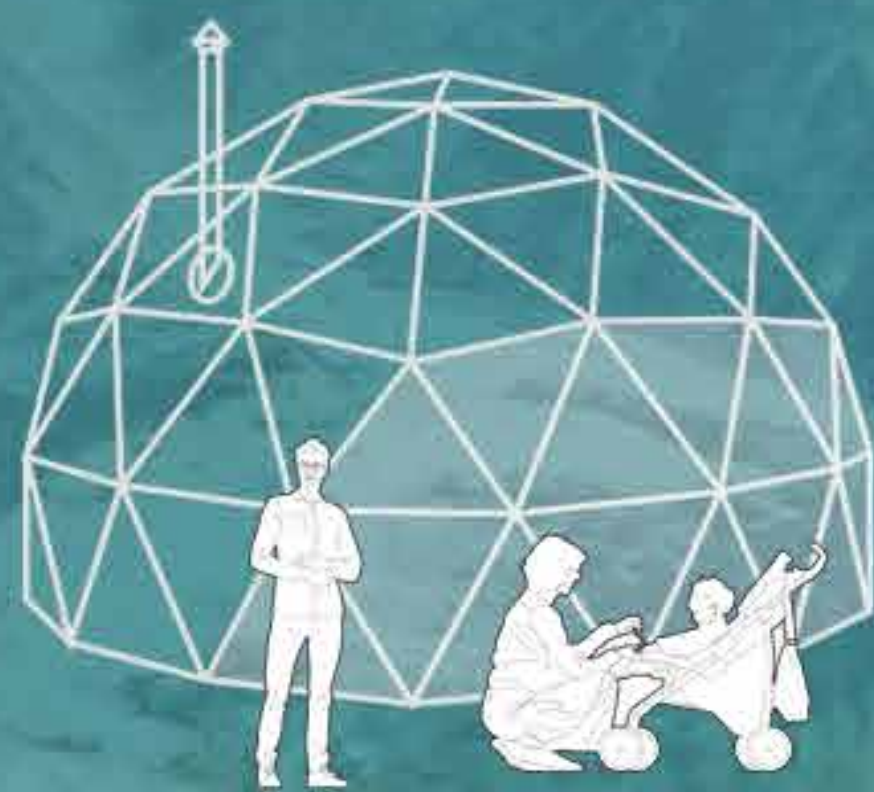

FDomes Glamping blends the comfort of a cosy hotel room with the simple joy of the great outdoors. They are designed for nature-cravers, adventure-chasers, peace-and-quiet-seekers, stargazers, and memory-makers. Build yours now and offer your guests **a private outdoor space with 5-star comforts**.

Diversify your glamping destination with various sizes of FDomes Glamping:

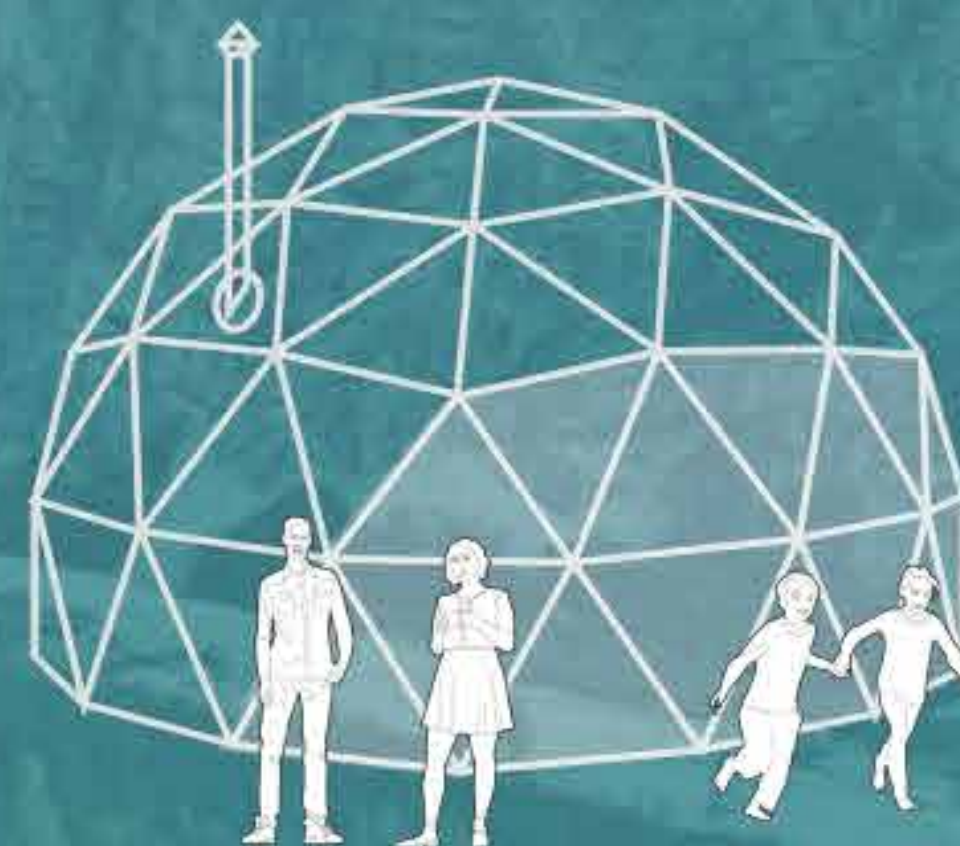

GLAMPING 20

Diameter: 5.1 m / 16.7 ft

Diameter: 9.5 m / 31.2 ft
Base area: 71 m² / 807 sq ft
Height: 4.75 m / 15.7 ft

FDOMES SIZING GUIDE:

- **20** is a great starter kit for couples. It comes without a bathroom
- Consider size **30** – an en-suite dome for couples with a bathroom
- **40** is great for 2+2 families, as it can already fit all Interior Modules
- **50** is spacious enough to accommodate up to 6 people and fit all the Interior Modules
- **50** & **75** are spacious enough to create multi-rooms
- **75** is often used for reception, common areas, or shared amenities
- We also offer large domes (up to 700 m²) ideal for creating shared spaces, restaurants, or event venues on your site

Complete package

Our geodesic dome kits include almost everything you need to start a glamping venture. Just add furniture and appliances and your retreat will be ready for guests in no time!

Versatile: multiple sizes

Available in five sizes: 20, 30, 40, 50, and 75 m². Diversify further your offer, by using cosy, romantic pods for couples and spacious glamping suites for whole families.

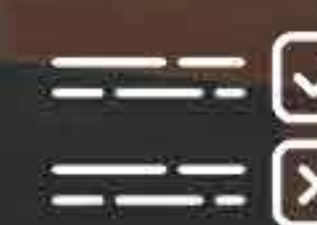

Quirky design

Stand out and attract guests with unusual yet cosy accommodation pods. Create spaces for memorable experiences and make them talk about your holiday destination.

All-year, all-weather, all-climates

Fully enclosed, 100% waterproof, insulated, heated, and equipped with solar-powered ventilation and passive air circulation. Proven in the coldest and hottest climates.

Highly customisable

Wide choice of membrane and interior colours, doors, windows, and other accessories. Design your own Glamping Dome in our innovative 3D Configurator at www.fdomes.com.

Quick DIY Assembly

Designed for easy self-assembly, all FDomes come with tools, step-by-step manuals, and video tutorials. It only takes a few hours to build one. Assembly service and/or training are also available.

En-Suite

Upgrade your FDomes Glamping with our bespoke plug-and-play Interior Modules, including a bathroom, a kitchen, a bedroom, and a loft bed. Mix & match upon your needs.

Extremely rigid

Heavy winds sea-side location? Harsh winter climate at the mountain-top spot? Thanks to a reinforced steel framework and Insulation+ FDomes Glamping can withstand even the most violent weather conditions.

Durable: made to last

The highest quality materials and meticulous fabrication process guarantee that your FDomes pods will last for many years ahead (our oldest dome has been in use since 2009 and still looks great!).

Portable

FDomes Glamping can be easily taken apart and moved to another location, minimising your investment risk.

Safe: Certified & Approved

Engineering test books and static calculations along with attested materials ensure the highest level of safety and compliance with existing norms.

Low-maintenance

FDomes structures do not require any major maintenance. All steel parts are protected from corrosion. Membranes are UV resistant with microbicidal coating and can be power-washed.

Sustainable

Geodesic domes are proved to be one of the most sustainable building types with a low ratio of materials to structure footprint.

Quick ROI

Return On Investment period varies depending on several factors but some of our customers reported that they have achieved complete ROI on their dome purchases within one year!

Recommended by owners & guests

Holiday stays in our pods are often rated five out of five stars by our customers' guests: „Glamping doesn't get any cooler than in the new Aurora Domes" *[The Guardian about FDomes' pods also domes at Harriniva Resort]*

Affordable, yet great

Our main principle is to make geodesic dome kits accessible to anyone looking for long-lasting, high quality structures. FDomes offer an unbeatable ratio of quality to price among dome suppliers.

Proven track-record

FDomes Kits are already proven suitable in 100+ locations worldwide, and our parent company, Freedomes, has successfully executed over 750 dome projects around the world. We are domes experts.

Award-winning

Quality and versatility of FDomes Kits were recognised by the Architizer A+ Award in 2015 (Popular Choice Award) and two A+ Awards in 2021 (Architecture + Living Small and Hospitality Category). FDomes also received a prestigious Forbes Diamond award in 2023.

Up to 5 Years Warranty

All our Glamping Domes come with a warranty. It means safe investment and peace of mind.

Planning permission friendly

Minimum impact on the environment, colour membranes that blend with surroundings, fabricated with certified and fire retardant materials. All these mean a smooth planning permission process.

Glamping Site Design Help

If you are planning an investment of 10 or more units, our team will be happy to provide advice on architectural site planning.

Quick delivery

We deliver worldwide and your FDomes Kit can be at your spot as quick as within 6 - 8 weeks, depending on the configuration as well as the location.

Glamping Domes Showroom

Visit our factory near Szczecin (Northwest Poland, 1.5h drive from Berlin) and enter the FDomes Glamping world.

Sun City Camp / Wadi Rum Desert, Jordan

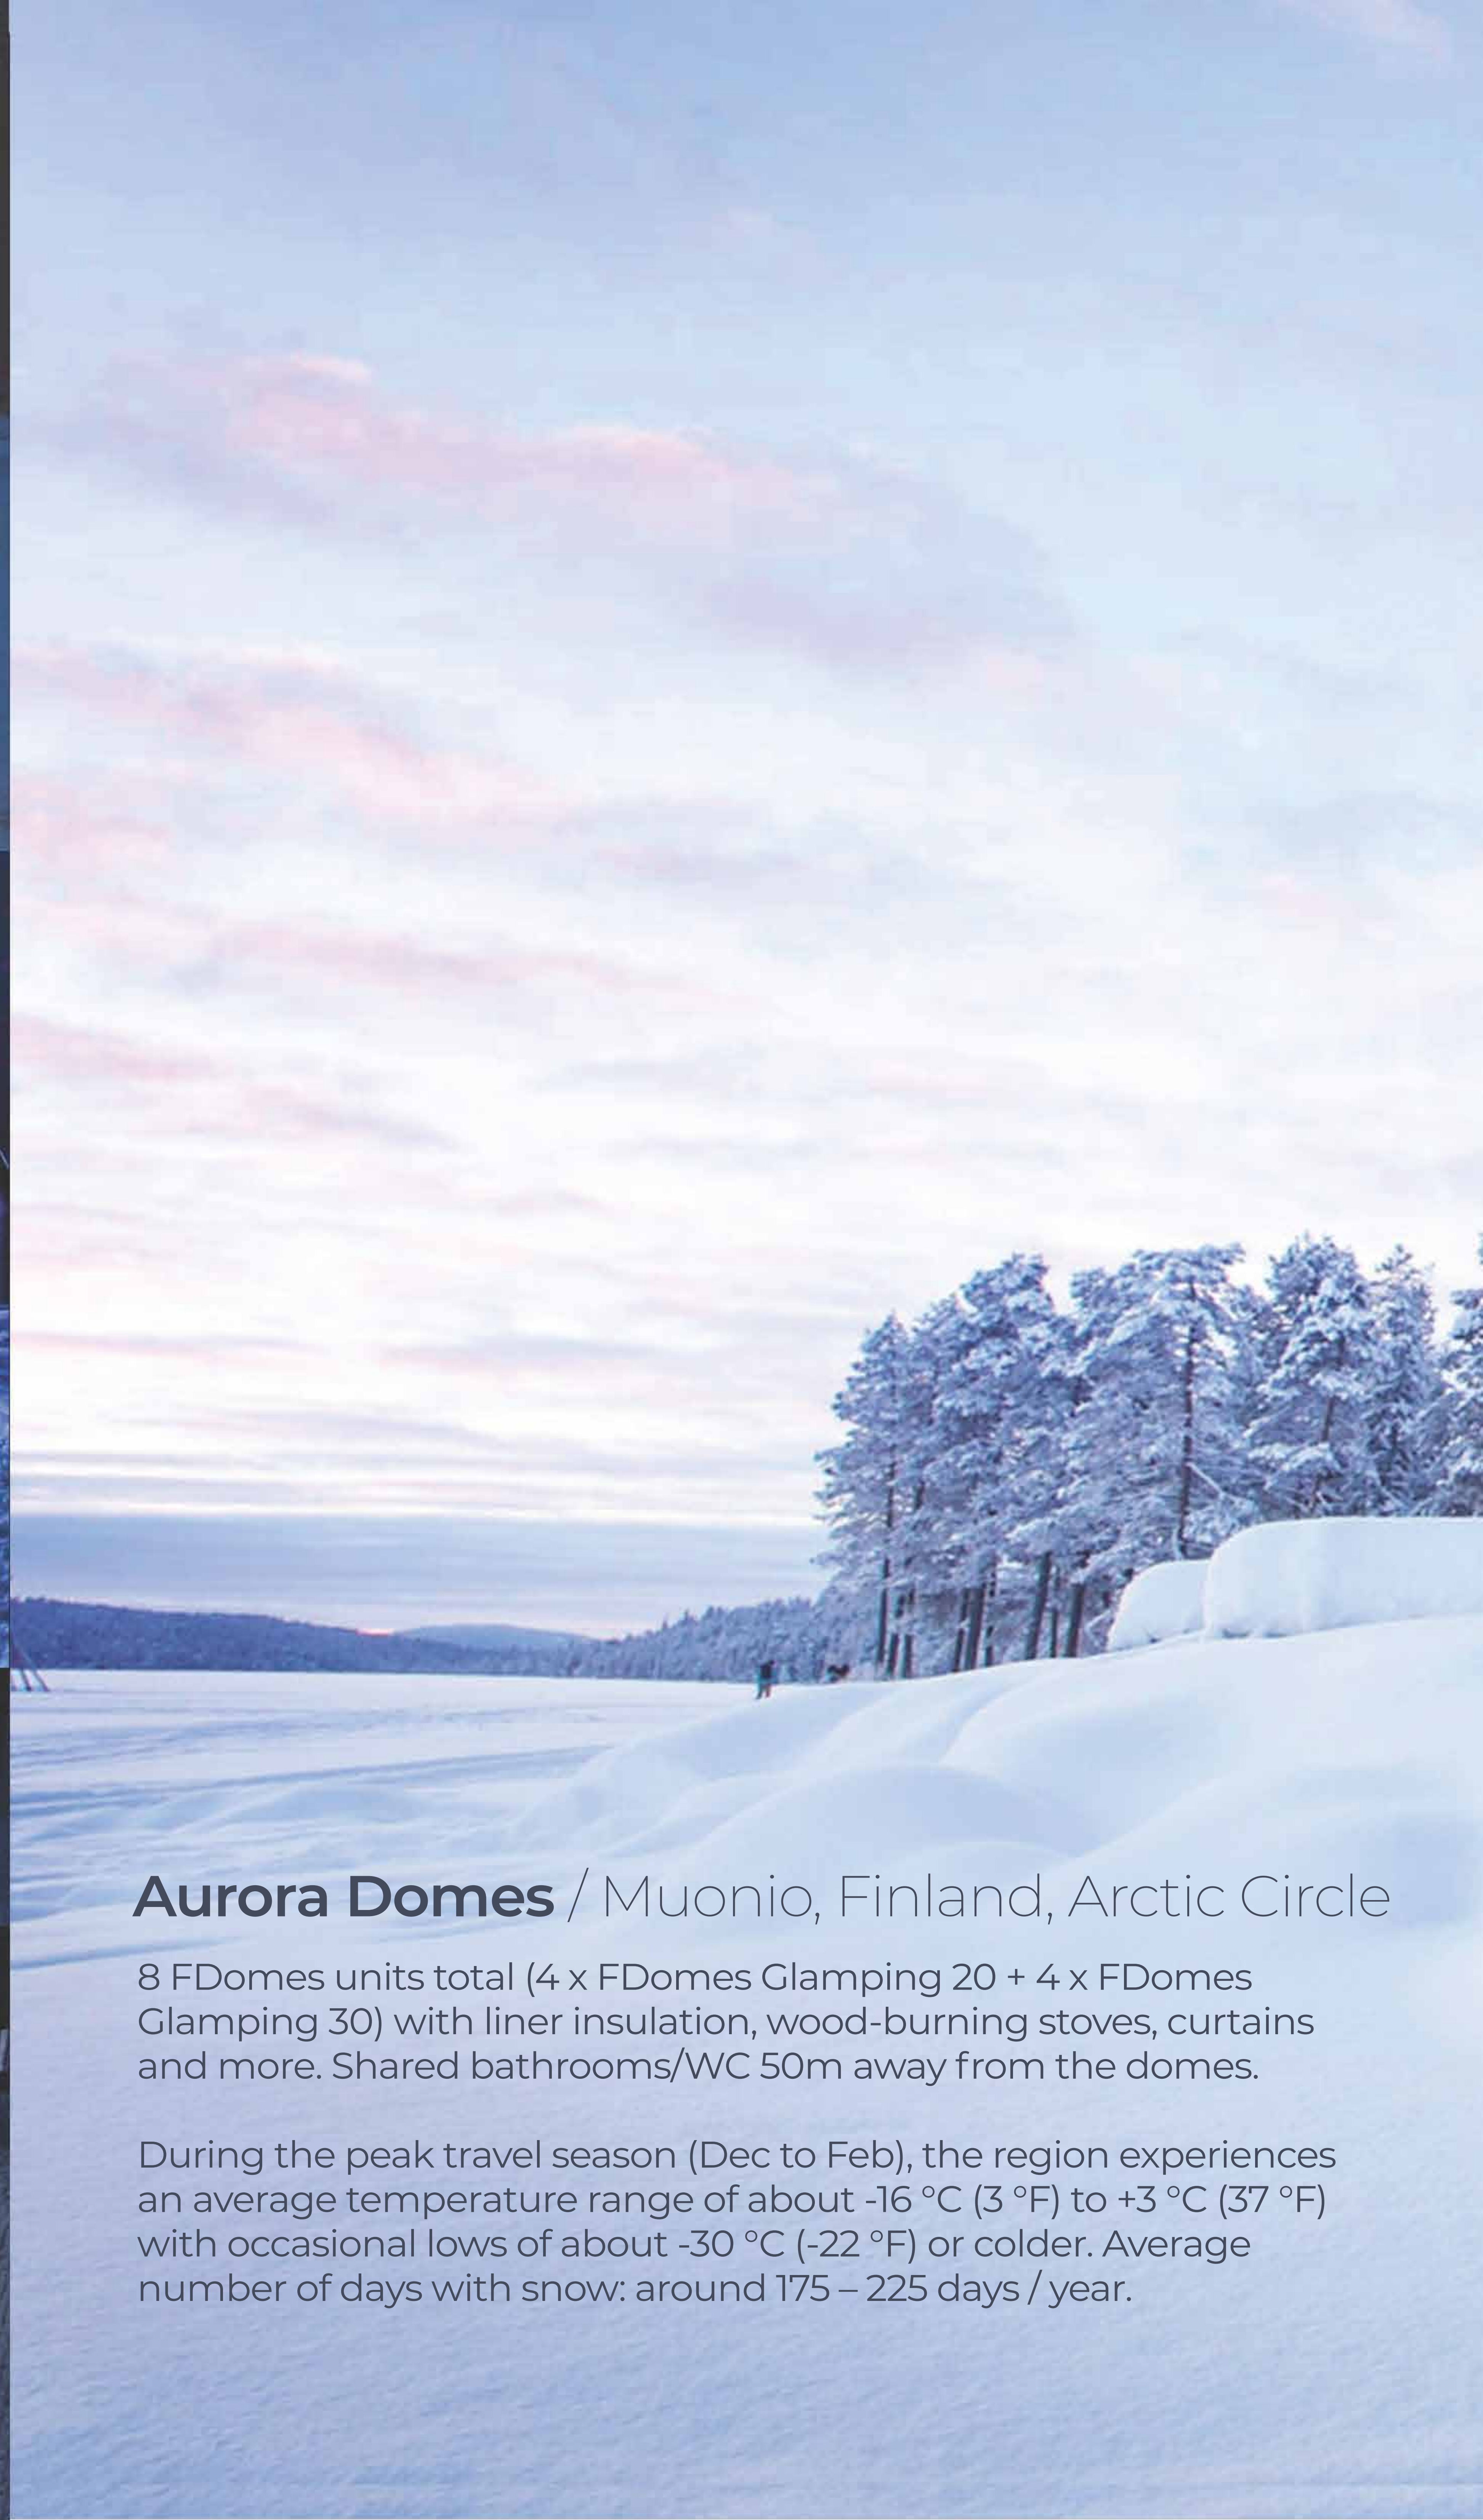

20 units of FDomes Glamping 40 equipped with Saudi Beige membranes, curtains and insulation.

Location: desert climate with avg. summertime day temperatures between 45°C to 48°C, nighttime temperatures can be as low as 5°C. Frequent sandstorms.

"We booked the Sun City Dome and could not believe the setup and luxury that awaited us. The semisphere light structure with a transparent front, stargazing views and private porch was nothing less than a well-appointed upscale hotel room."

"This was a very nice luxurious camping experience for us. The dome tent was beyond our expectations with everything that you could possibly need."

Aurora Domes / Muonio, Finland, Arctic Circle

8 FDomes units total (4 x FDomes Glamping 20 + 4 x FDomes Glamping 30) with liner insulation, wood-burning stoves, curtains and more. Shared bathrooms/WC 50m away from the domes.

During the peak travel season (Dec to Feb), the region experiences an average temperature range of about -16 °C (3 °F) to +3 °C (37 °F) with occasional lows of about -30 °C (-22 °F) or colder. Average number of days with snow: around 175 – 225 days / year.

"This was definitely one of the best experiences of my life!"

"The Dome is simply incredible. When my wife saw the property she started to cry, that's how happy she was. Looking at the lake from the bed with wood burning in the fireplace close to bed. So great!"

Archer's Edge / Judique, Canada

Overlooking the Gulf of St. Lawrence, Archer's Edge is a serene location for 5 FDomes Glamping 30 with insulation liner and curtains. West-facing windows provide a picturesque view of the sunset over the vast sea. Cape Breton offers a virgin beauty, unspoiled by a human.

"Can't say enough about this place... the pictures are real! We had a big storm roll in one night and the thunder and lightning over the water was spectacular! The domes were much nicer than we expected... all the comfort of a high end hotel room with views over the water that can't be beat."

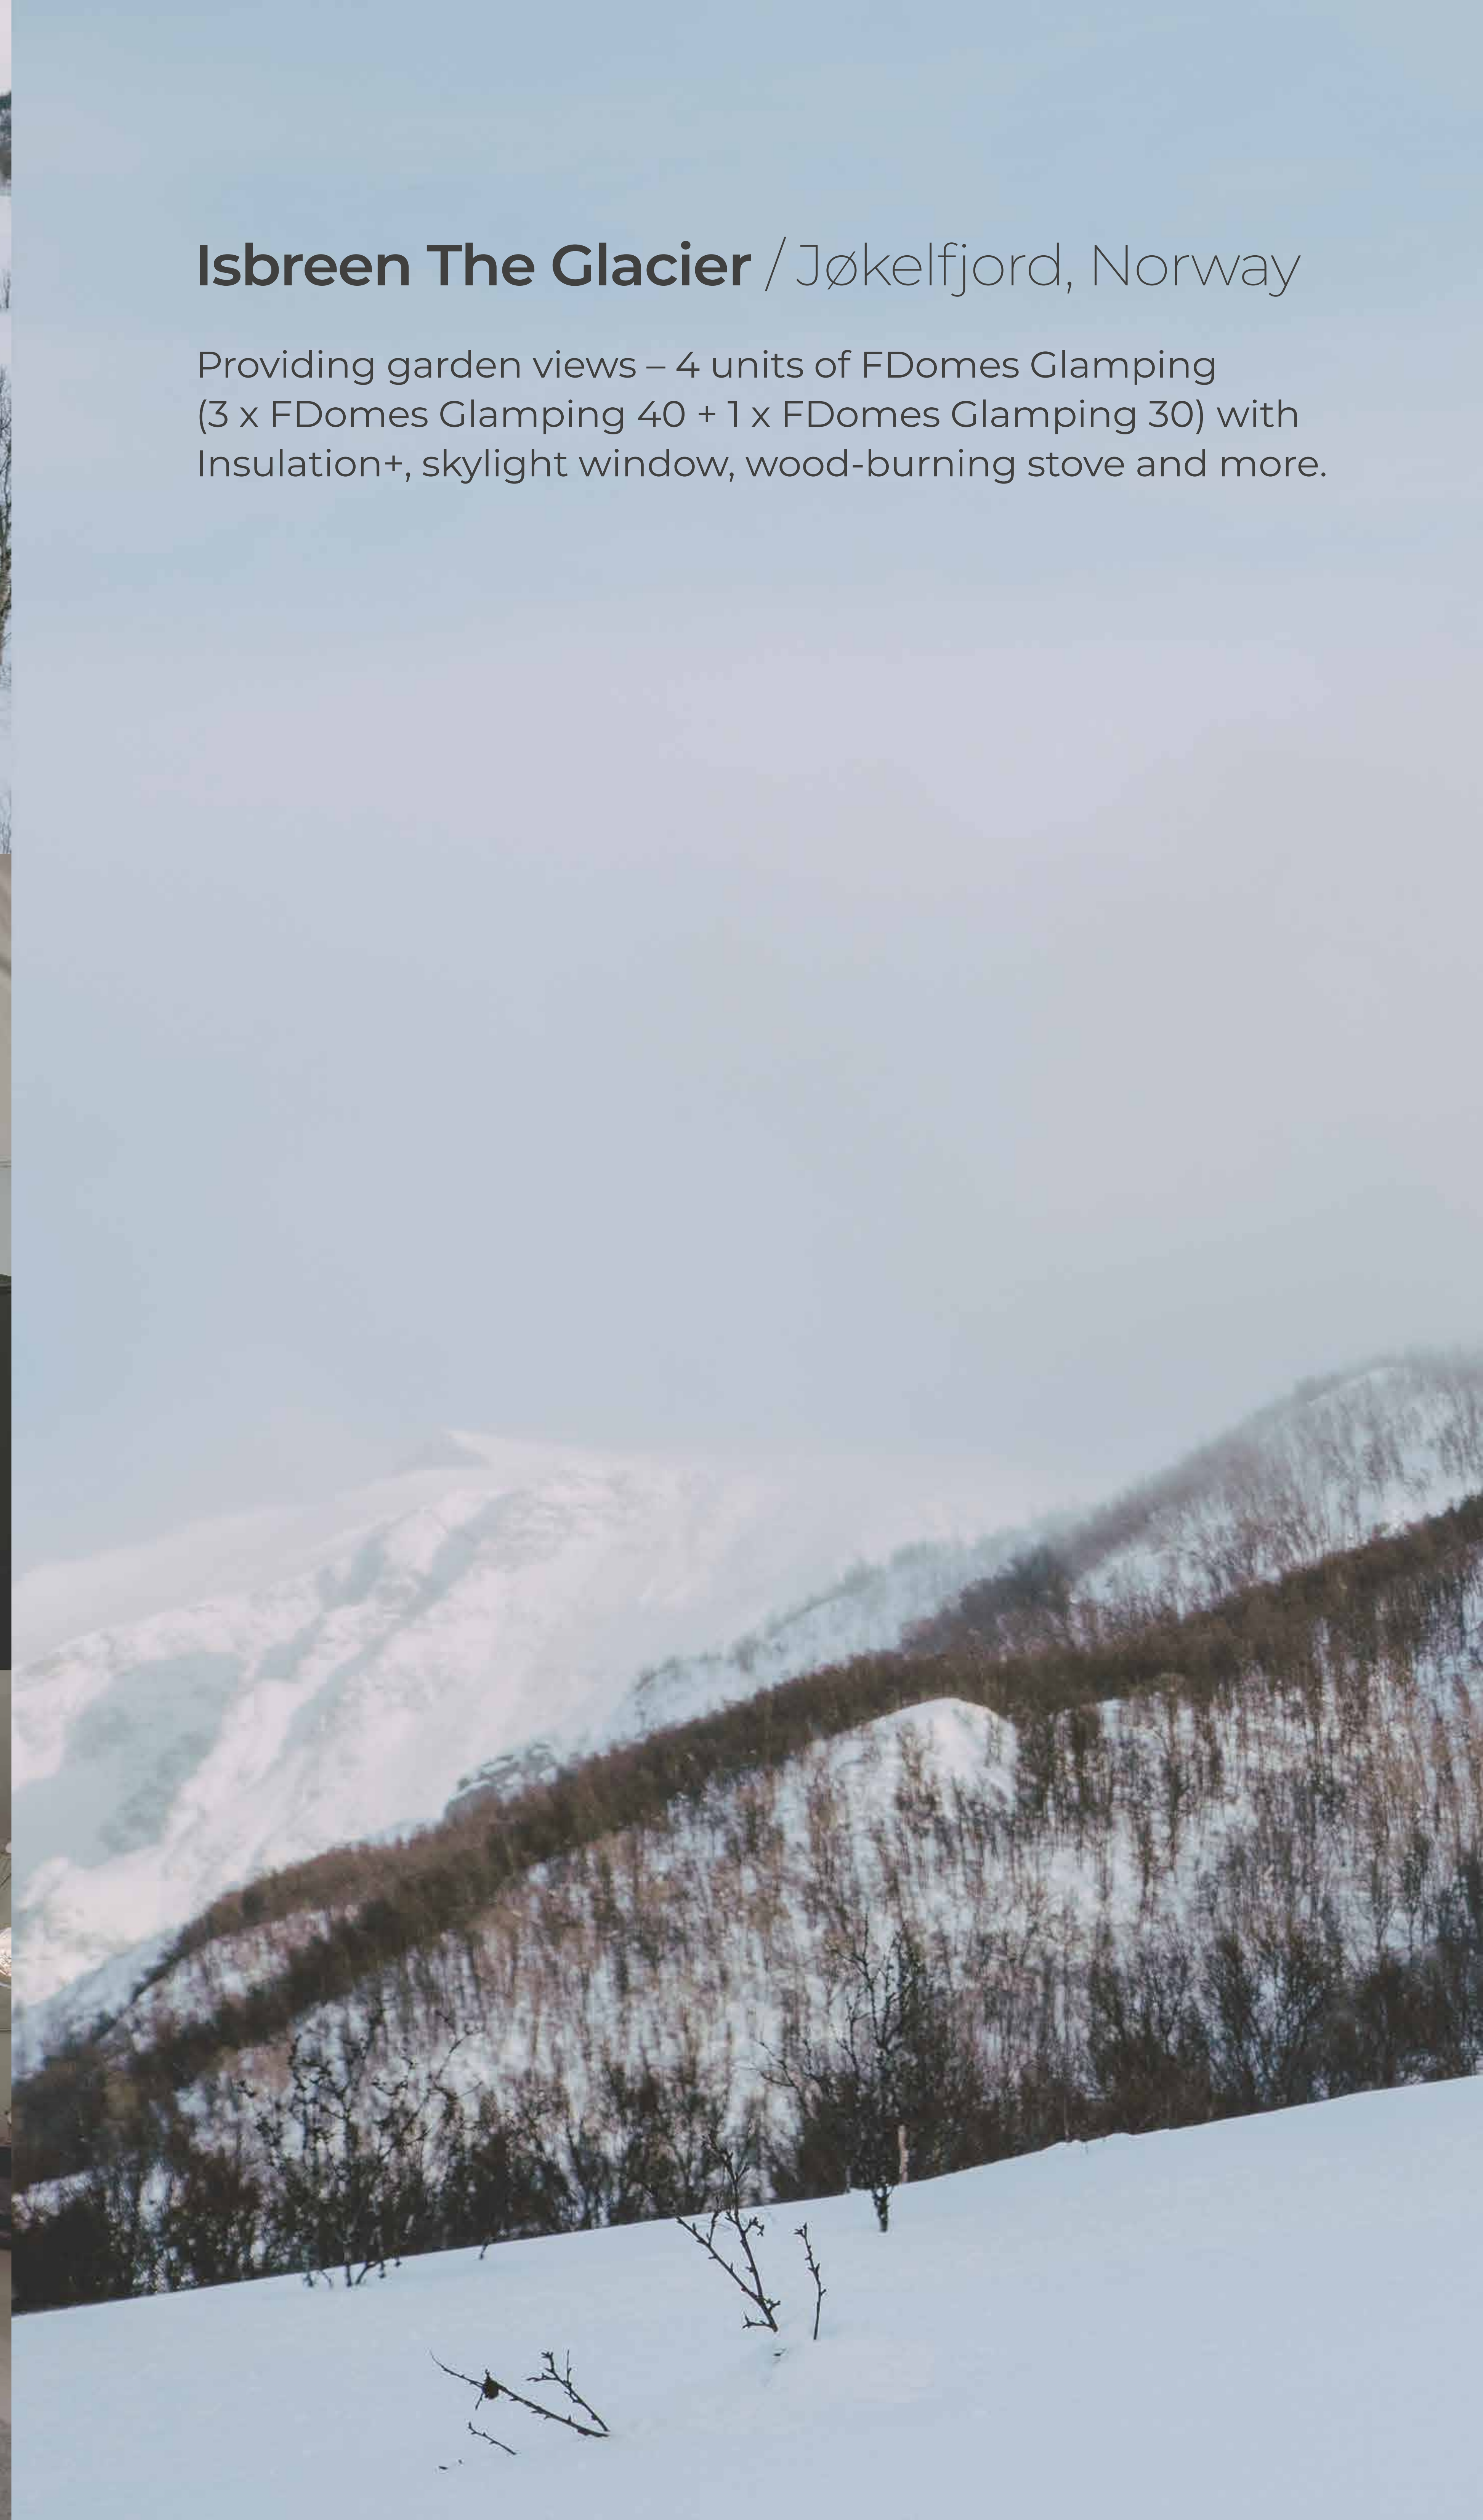

Isbreen The Glacier / Jøkelfjord, Norway

Providing garden views – 4 units of FDomes Glamping (3 x FDomes Glamping 40 + 1 x FDomes Glamping 30) with Insulation+, skylight window, wood-burning stove and more.

“We currently enjoy a 5 out of 5 rating on all the platforms we are rateable on, and the second biggest bank in Norway just recommended us as 1 out of 5 destinations that you have to experience if you’re going to Northern Norway.”

Tonny Mathiassen

CEO & Founder | Isbreen – The Glacier

Outdoor hospitality reimaged

Bathroom, Kitchen, Bedroom, Loft Bed and Living Room space.
5-star comforts in the wilderness.

A luxurious, fully-equipped all-in station divided by function.
Take the interior design of your glamping to the next level.

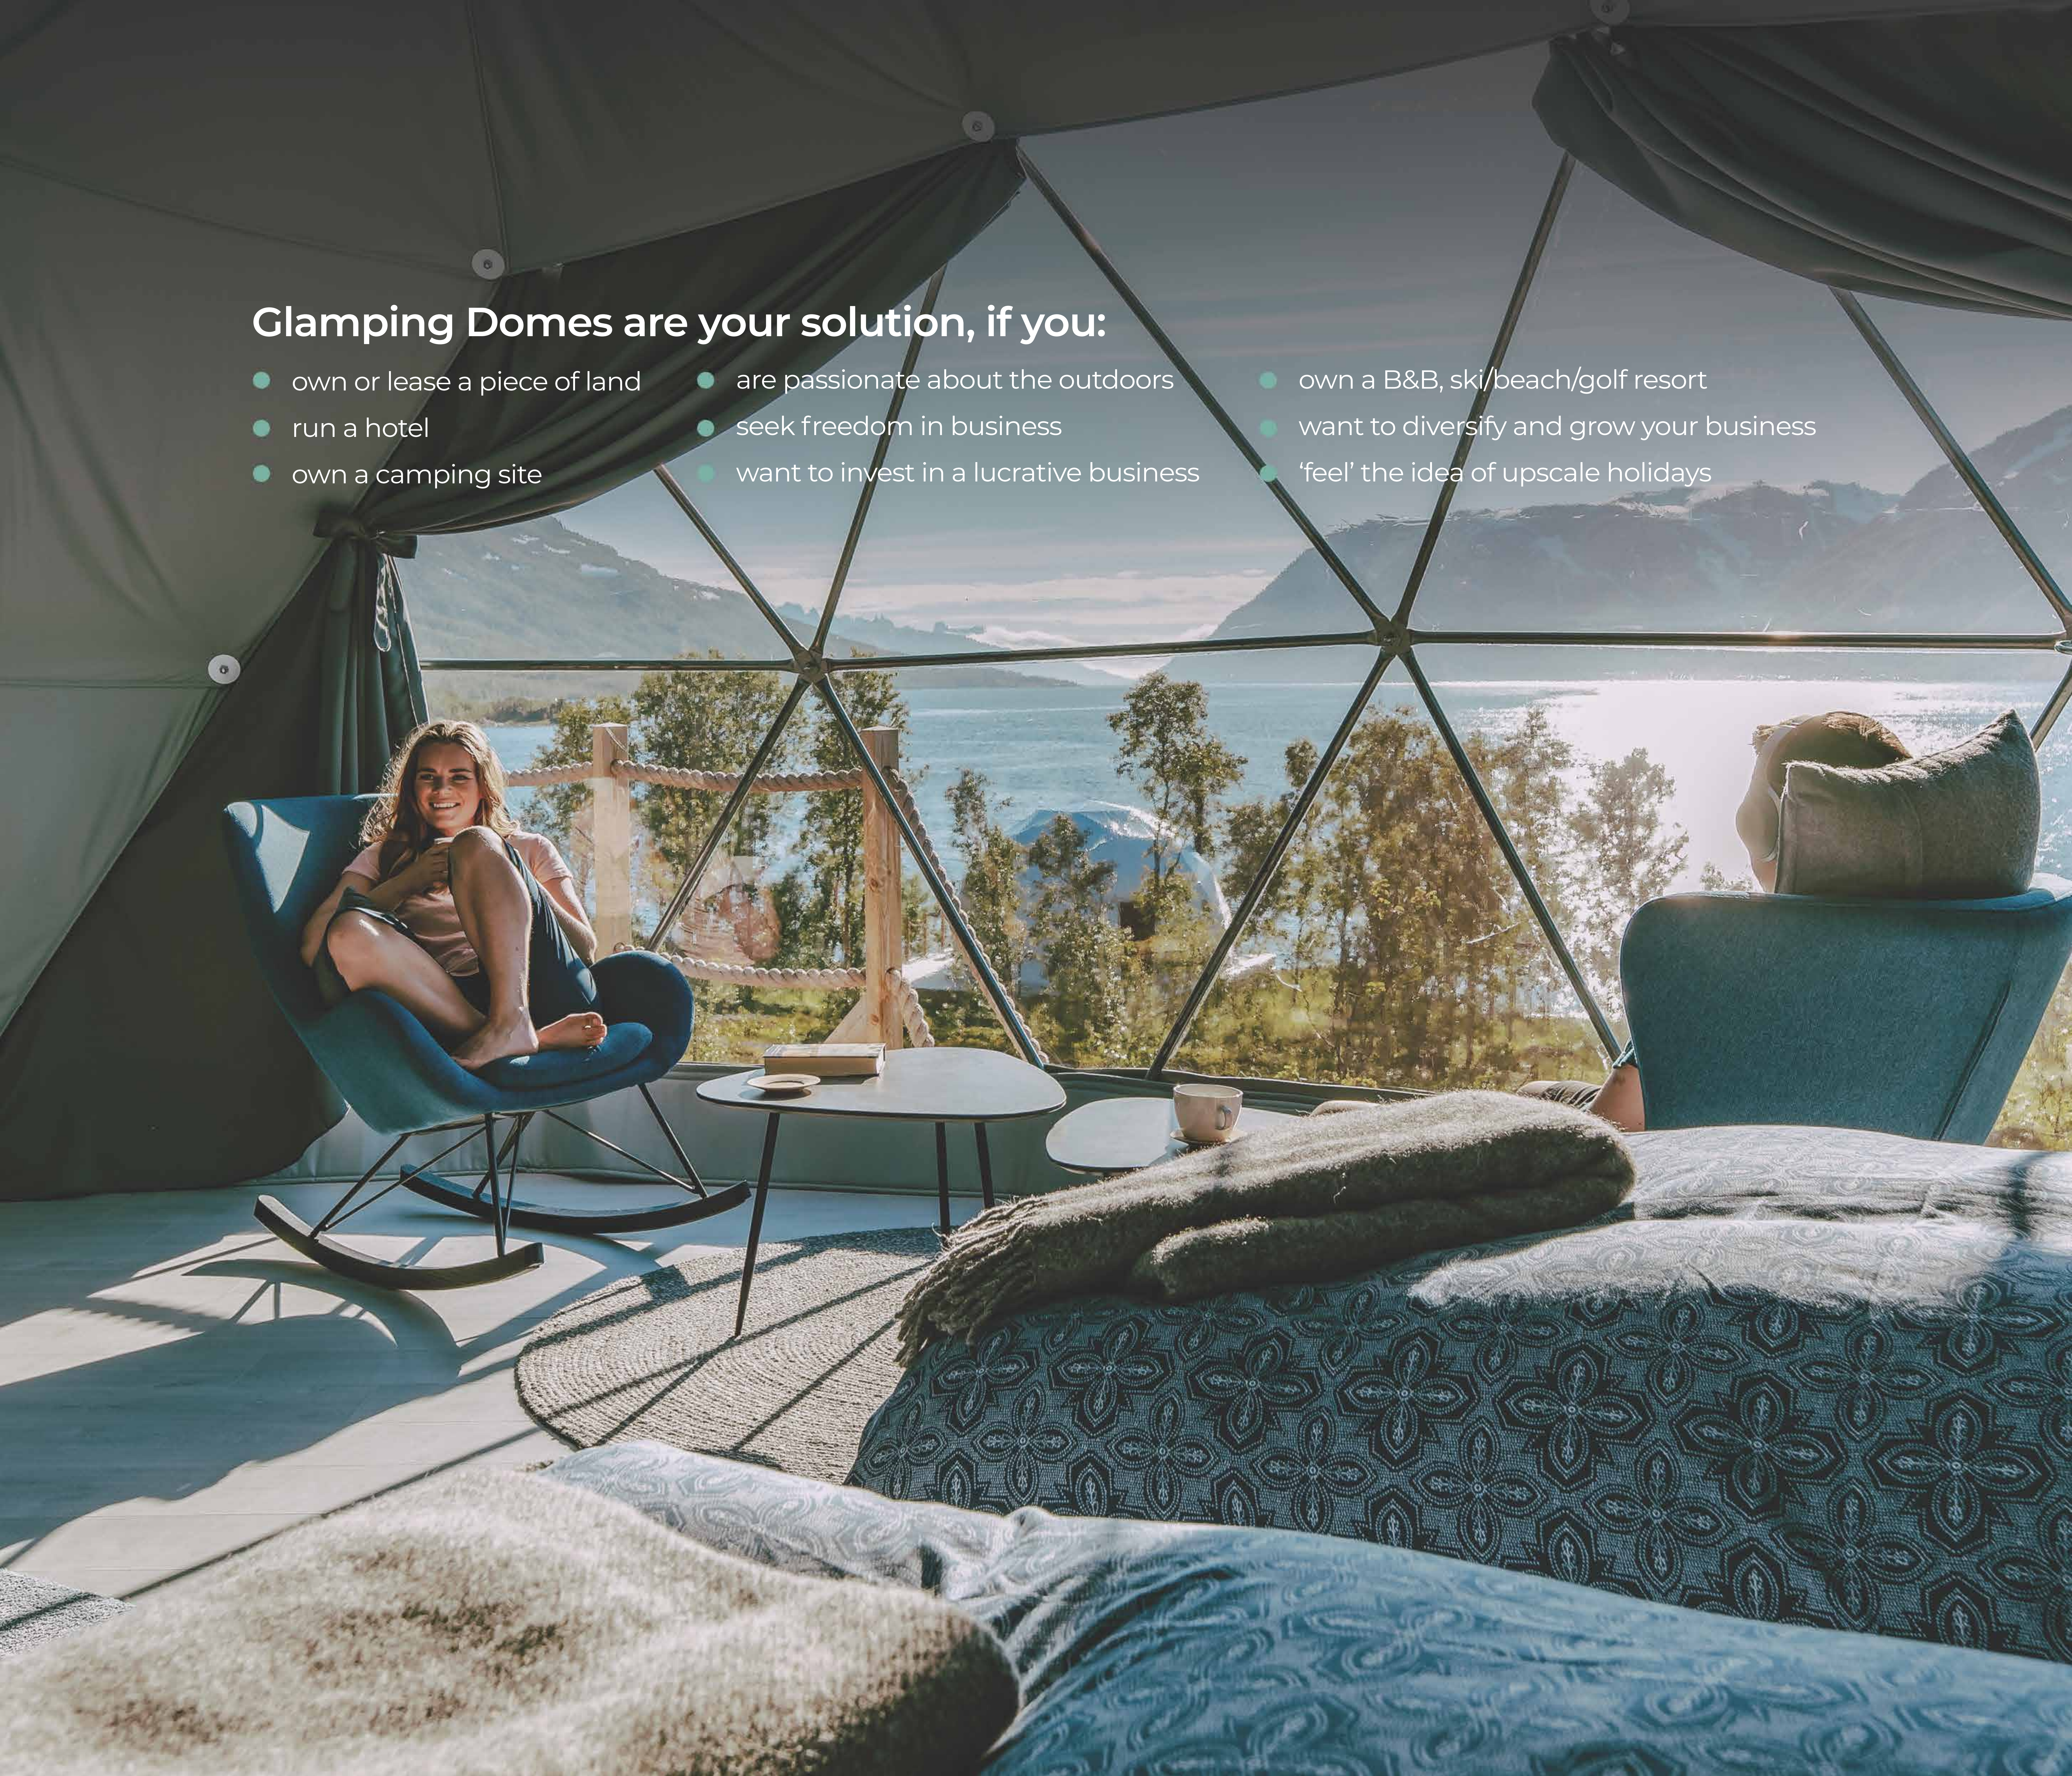

A fully equipped FDomes Glamping 50

A fully equipped FDomes Glamping 40
